

BURGLARS TRY TO ENTER TWO PLACES

Tamper With Drug Store Lock and Fore Window in Herald Building Basement.

Burglars were at work again Friday night. Two men were seen working at the front door of J. A. Robertson's drug store on North Oregon street about 1 o'clock. The men were industriously engaged in picking the lock on the door when a man passing the store saw them and they ran, one going north and the other across Oregon street and through the plaza. They had cut away the edge of the door surrounding the Yale lock and were preparing to pick the lock with a jimmy when interrupted.

Herald Basement Entered. A window in the basement of The Herald building was also broken by burglars early Friday morning in an effort to open the door leading to the basement. It is thought that the housebreakers thought that they could gain an entrance to the Richards jewelry store by way of the basement, but were frightened away by some one passing along the street.

Yuletide Has Burglaries. Yuletide has a touch of the ugly epidemic which has been prevalent in El Paso. Friday night an effort was made to break into the postoffice and also into the residence of C. H. Blanchard, adjoining the postoffice. Both attempts were interrupted by persons who heard the men at work and frightened them away.

H. & S. A., the Southwestern and Texas & Pacific.

At Detroit, Mich., the postoffice is closed on Sunday and there it has proved most satisfactory. The department there sent out 23,000 cards asking the opinion of citizens relative to the closing of the office on Sunday and all agreed to it except 20.

It has been found that mail which is delivered on Sunday can very well be held until Monday, as very little of it is of sufficient importance to necessitate its being delivered on Sunday.

The free delivery lines have been extended to Boone avenue, which is the street running in front of Washington Park and in the northern part of East El Paso free delivery has been extended as far as Government Hill a small portion west of Concordia cemetery being eliminated because the houses are not numbered and there are but a few Mexican homes there.
